

NEW DATE

Saturday 7 May 2016
Green Park Conference Centre
12noon – 6pm

Tomorrow's Reading

Want to experience the future in 2016? Open up your senses to the shape of things to come at FutureFest's Tomorrow's Reading.

What will the future look like? Where will we live? How will we live, and what will we eat? Come and hear, touch, feel, taste and experience Tomorrow's Reading at this amazing one-day interactive festival. Featuring incredible speakers, installations and demos, it's a 'must' for anyone interested in how our world will develop in future decades. Everyone is welcome, but the activities are best suited to curious minds from 11 to 100+!

Tomorrow's Reading is supported by Green Park and Oxford Properties. It is curated by the team behind FutureFest – a weekend festival designed to challenge perceptions of the future, powered by Nesta.

Tickets £3 individual / £6 family
